Cindy,

I would like to see you in my office again about Jennifer Williams. Jennifer told me she is not going to allow **S.H.** to be tested in the public school. If you do test **S.H.** to see what grade she is in then Jennifer Williams said you will lose your visitation times. She does not want proof there is no educational neglect. I've seen **S.H.**'s straight A grade reports! **M.H.** tested out a year ahead of her peers in 7th grade, so she does not want that to happen with **S.H.** I am distraught over what she's done to Mikaela and **S.H.**!

Let's talk about this in person.

Jasper
